Does the administrator assure the records for each hourly adult care individual include the following: <ul style="list-style-type: none"> a. Admission identification information including responsible party and emergency telephone numbers of family members and the physician or authorized provider? b. Pertinent health and social information relevant to the supervision of the individual? c. Care and services that are provided to the individual including medication assistance? {IDAPA16.03.22.720} 2. Does the administrator assure the facility maintains records for each adult hourly care individual for at least 3 years? {IDAPA16.03.22.720} 		

The check lists can be used as a quality improvement tool and are offered as a helpful guide.
They do not take the place of the rule requirements.
It is highly recommended that the check lists be used in conjunction with the rules themselves.
